Part B for December 1935

SUBJECT.

Prescribed rates of tolls on motor vehicles at all toll-gates

WD 0418—GPB—22,500—29-8-36

M Spencer
27/4/37

2605/35

Serial No.

Subject:- ROAD TRAFFIC & TAXES REGULATION.

RATES OF TOLLS.

(1) Comparative statements showing the rate of tolls levied at present on State Fund and District Fund toll-gates, the maximum rates of tolls authorised under the Road Traffic and Taxes Regulation, and the rate of toll which it is proposed may be adopted in respect of

(a) motor vehicles,

(b) non-motor vehicles at interior gates and

(c) non-motor vehicles at frontier gates

are submitted herewith.

MOTOR VEHICLES.

(2) 1. Motor cycles and cars:- At present, the rates of tolls charged at both State Fund and District Fund gates are As.4/- on motor cycles and Re.1/- on cars. This is the maximum rate permitted by the Regulation & The same rates may be continued.

Yes Sd/-

(3) 2. Motor Buses:- On State Fund toll-gates a toll of Re.1/- is levied on motor buses seating less than 10 passengers and Rs.2/- on those seating more than 10. No such distinction is made at District Board toll-gates where a uniform toll of Rs.2/- is levied on all buses. The Regulation defines a bus as a public service motor vehicle used for the carriage of persons having seating accommodation for eight or more persons inclusive of the

NOTE.—Contn. Sheet.

WD 03594—GPB—30,000—18-7-35

File No. of 193 | General and Revenue Secretariat

the driver. Under the new Regulation, a uniform toll of Rs. 2/- may be charged for all buses -- public service and private.

(4) yes SDR

(5) 3. Motor Lorries:- The Regulation provides for a maximum toll of Rs. 3/- on motor lorries and Rs. 6/- on lorries laden with timber and entering the State, at a frontier gate. The present scale charged at the State Fund toll-gates is Rs. 2/- on all lorries. On District Fund gates, ~~the~~ rates varying from Re. 1/- to 2/- are charged. The authorised schedule of tolls on District Boards does not prescribe any toll on lorries and it is doubtful if any tolls are legally leviable at these gates at present. In future, under the Regulation a uniform toll of Rs. 2/- may be levied on lorries at all gates. Lorries laden with timber and entering State at a frontier gate may be subject to a toll of Rs. 4/- against the maximum of Rs. 6/- ~~tolls~~ allowed.

(6) I agree SDR 5/4

(7) Motor Lorries under the Regulation are not liable to tolls when working in the area prescribed in the permit. It is only when working outside this area on casual trips that they are liable to tolls. The occasions therefore in which a lorry will be liable to tolls are very few.

(8) I think in this case max. should be charged.

With regard to motor vehicles other than those specified above and those propelled by steam, the Regulation authorises a maximum of Rs. 3/-. Tolls at maximum rates may be levied as this class of vehicles causes comparatively

Serial No.

(9) comparatively greater damage to roads.

NON-MOTOR VEHICLES.

(10) (a) Interior gates:- On all carriages, Jutkas, on bullock carts etc., the maximum toll authorised in the schedule is the same as that levied at present. The same rate of tolls may be continued in respect of these vehicles, in future, under the Regulation.

(11)

(12) (ii) Laden bullock carts entering the State at a Frontier State Fund toll-gate are liable to a toll at double the rates levied at the interior toll-gates. The Regulation also allows the levy of double the rate of ordinary tolls at Frontier toll-gates in respect of carts entering the State except with regard to carts laden with timber in which case the maximum toll authorised is Rs.3/-.

(13) (iii) Double the rate at Frontier toll-gates now applies only to State Fund toll-gates and not to District Fund toll-gates. With both the toll-gates coming under Government management, it is necessary to adopt a uniform schedule. The same rates may be levied at the frontier District Board toll-gates as are levied at frontier State Fund toll-gates. Only those District Board toll-gates which are on the frontier between Mysore State and the neighbouring provinces are treated as frontier toll-gates for this purpose.

NOTE.—Contn. Sheet.

WD 03594—GPB—30,000—18-7-35

File No. of 193 General and Revenue Secretariat

A list of ~~these~~ such toll-gates compiled from the information furnished by the District Boards is submitted herewith. (14) Yes

A map showing the location of these gates is also submitted.

(15) (iv) The question for decision is what rate should be charged on carts laden with timber and entering the State at a Frontier toll-gate. The maximum rates according to the Regulation is Rs.3/- for all kinds of carts. This subject came up for discussion during the Officer's meeting at Mysore last Dasara and the general trend of the opinion was that a very heavy toll should be levied on such carts. It appears that a rate of Rs.2/- may be (16) Agree charged for laden timber carts, to begin with. A higher rate may be charged if experience shows this to be insufficient. S/02

(17) No. the max. rate of Rs 3/- may be charged, but in fact, I fear we might in to low-it. rate can be much higher, at least Rs 6/-

(18) (v) According to the schedule, a lower rate of tolls may be prescribed by the Government in respect of carts which are fitted with pneumatic tyres or with tyres over 2½" in width. The Todhunter Committee recommended that half the rates of tolls may be charged in respect of such carts. Half the rates of tolls in respect of such carts may be too low and would also adversely affect the revenue. It is therefore suggested, that the tolls at three-quarters the prescribed rate may be charged in respect of such carts. It is also a matter for decision if this is to be made applicable to timber carts entering the State at a frontier

(19) I don't think so
